APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This Permit is issued subject to all prior rights. It is understood that the 0.02 of a cubic foot of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. It is further understood that accurate measurements of the water placed to beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.02 cubic feet per second.

Actual construction work shall begin on or before July 1, 1930

Proof of commencement of work shall be filed before August 1, 1930

Work must be prosecuted with reasonable diligence and be completed on or before July 1, 1931

Proof of completion of work shall be filed before August 1, 1931

Application of water to beneficial use shall be made on or before

July 1, 1933. Proof of the application of water to beneficial use must be filed with State Engineer on or before August 1, 1933

Map Filed Aug. 29, 1929
